

AUVILION
Productions

*Sound and lighting
specialists*

hello

Our top priority is your satisfaction. We value your wants and needs.

This is where perfection meets consistency.

We are Kean and Danielle, owners of Auvilion Productions.

We started our very own business in 2023.

Our sound and lighting business started from our passion for all the technical aspects behind shows, from playing upbeat music, to moving lights and even sorting cables.

It's valuable to build a relationship with our clients and to get the opportunity to be part of their life, even for a few moments.

If you feel comfortable with us making your dreams become a reality, feel free to contact us.

Let's get in touch!

What to expect

BEFORE YOUR EVENT

Your event is created around your desires. We will talk about location, equipment needed and anything else we need to know. Whether it is formal or casual, I am confident that can work with you to achieve the event desired.

DURING YOUR EVENT

We will do setup a few hours before your event starts, to make sure everything is working and in order. If there are live singers we will do sound checks as well. We do the setup according to your needs. Once the people arrive we cater according to your needs, whether it is background music or even karaoke.

AFTER YOUR EVENT

When your event is over, we will pack up everything once everyone is gone. If you hired one of our photographers you will get your photos after a few days as a online copy. If you'd like hard copies, you can select your favorites photos and we will print them for you.
